duolingo

+Babbel

BABBEL

It is a language learning platform that has gained popularity in recent years. To learn English it is an excellent ally, it teaches you through explanations, vocabulary and interactive exercises. The greatest attraction of this application is that the lessons are detailed and complement each other, in this way, you put into practice the words you learned.

BUSUU

**MEM
RISE**

MEMRISE

Memrise is an excellent ally if you are looking to improve the Speaking part in English. The different exercises and activities are created by other members of the Memrise community. This application offers you short videos in English in which local people say different phrases in a conversation.

ROSETTA STONE

It is the most versatile application on the market. It offers you the option to learn English words with native speakers, expand your vocabulary, perfect your grammar, and improve your basic English reading and writing skills. It includes pronunciation lessons so you can improve your English accent, and it also gives you the option to download audios to practice offline.
